"I really feel very lucky to be doing something I love that has given my life balance back!"

SENse Learning Associate

## Letter from our Managing Director

SENSe Learning is an independent alternative provision that provides specialist education to children with additional needs who are out of school or struggling to attend. SENSe Learning was founded in 2019 and has gone from strength to strength ever since! I am very proud of all the wonderful students who use our services and the high standards we achieve.

We are on a mission to ensure no child is left behind, by providing bespoke learning packages to students with additional needs. We believe that each young person is unique and that the right support can make a positive and lasting impact.

We put safeguarding at the forefront of what we do and this is included and embedded in our recruitment processes. Our policies and procedures are thorough to ensure we are always vigilant in keeping our young people safe.

I am very passionate about my job and what we do at SENSe Learning. We have a strong, supportive community in SENSe Learning. Our team is continually striving for innovation, excellence, engagement, and fun. We have a high success rate in our students re-engaging with education or employment after using our service.

We value our links with local authorities, schools and parents. The local authorities in which we work in, value and support our work and expect high standards of us. We are continuously developing our services, and now offer accredited exams and a wide variety of student groups like animal school, forest school and creative arts.

If you feel like you could fit in here and that your values align with ours, please do complete an application form.

**Lucy McMann, Managing Director**
